2020 Offshore Technology Conference in Houston Postponed

Friday, March 13, 2020

2020 Offshore Technology Conference in Houston Postponed

Houston, Texas, USA (13 March 2020) – The Offshore Technology Conference (OTC) recognizes the unprecedented global challenge associated with the current COVID-19 pandemic. The health and safety of our partners, attendees, exhibitors, staff, and community are of the utmost importance, and our hearts go out to all who have been affected.

Considering the rapidly changing guidance from governments and companies, OTC has chosen to postpone the conference from 4–7 May to the third quarter of 2020. We are actively working to confirm dates in August or September.

In the coming weeks, OTC will be communicating with authors, speakers, exhibitors, and partners to develop the new plans and ensure the conference continues to provide a platform for energy professionals to meet and exchange ideas.

Since 1969, OTC has been a reliable source of technology and knowledge sharing to propel the offshore industry forward. The conference has also been a key economic driver for the city of Houston and neighboring communities.

###

ABOUT OFFSHORE TECHNOLOGY CONFERENCE

The Offshore Technology Conference (OTC) is the world's foremost event where energy professionals meet to exchange ideas and opinions to advance scientific and technical knowledge for offshore resources and environmental matters. Founded in 1969, OTC's flagship conference is held annually in Houston. OTC has expanded technically and globally with the Arctic Technology Conference, OTC Brasil, and OTC Asia. For more information, visit www.otcnet.org.
