ATLANTA (December 1, 2020) – Registration is now open for the 2021 ASHRAE Virtual Winter Conference, February 9-11, 2021. The convenient online format of the conference will allow for global participation with a group of the world's leading presenters delivering timely and useful industry content.

“ASHRAE's Virtual Winter Conference will include three-days packed with learning and live discussions from top experts,” said 2020-21 ASHRAE President Charles E. Gullette III, PE. “This is the perfect platform and opportunity for built environment professionals to take advantage of the Society's strong technical content. The conference will provide you the biggest opportunity to apply ASHRAE's important research and resources to address the challenges of the times we're living in.”

The conference will feature nearly 98 live and on-demand sessions with updates from Society leaders and virtual networking events. Technical sessions will address building performance, COVID-19, energy conservation, refrigerants, ethics, equipment standards and more. Conference registration is now open at ashrae.org/2021winter.

Which of the following resources are most valuable to you? (Select up to 2)

During the weeks leading up to the conference, ASHRAE will also conduct virtual business, committee and technical meetings. Free technical sessions are also available during the ASHRAE Winter Conference.

The cost to attend the virtual conference is \$249 for ASHRAE members (\$479 for non-members, which includes an ASHRAE membership for one year). For additional pricing, please visit ashrae.org/2021winter.

Registration includes:

- Access to industry research and publications

Tuesday, February 9 – Thursday, February 11

- More than 35 technical sessions presented live, including sessions scheduled for live participation from attendees in different time zones across the globe.
- Leadership Moments providing updates from Society leaders.
- Keynote presentation hosted by Women in ASHRAE.
- Live 30-minute forum sessions for interactive participation.
- Opportunities to interact with fellow attendees in 30-minute round table discussions and meet-ups.
- Recognition of more than 150 award recipients of ASHRAE's most prestigious society awards.
- Conference proceedings. Download the technical papers, conference papers and extended abstracts.

Post-Conference

- 26 live Q&A chat sessions for on-demand paper session for the opportunity to chat with speakers scheduled on Friday, February 12.
- All sessions presented live will be recorded and available on-demand until August 11, 2022.
- Over 80 additional on-demand sessions accessible on your terms for 18 months.

The technical program is comprised of eight tracks, exploring occupant comfort, energy systems use and examining how to improve HVAC efficiency on a global scale.

"Engineers and designers are being tasked to take closer looks at buildings and their systems to provide comfort to the occupants while also finding ways to reduce the impact on the environment and energy use," said Maggie Moninski, chair of the 2021 ASHRAE Virtual Winter Conference. "The 2021 Winter Conference attendees will be given a great opportunity to learn from some of the leaders of the industry with a focus on the foundations of the HVAC&R industry along with special topics like challenge right now?"

About ASHRAE

Founded in 1894, ASHRAE is a global professional society committed to serve humanity by advancing the arts and sciences of heating ventilation, air conditioning, refrigeration and their allied fields.

As an industry leader in research, standards writing, publishing, certification and continuing education, ASHRAE and its members are dedicated to promoting a healthy and sustainable built environment for all, through strategic partnerships with organizations in the HVAC&R community and across related industries.

The Society is showcasing integrated building solutions and sustainability in action through the opening of the ASHRAE Global Headquarters building in metro-Atlanta, Georgia. The state-of-the-art, high-performing net-zero-energy efficient global headquarters building is a destination venue for industry representatives, visiting from around the world, who are looking to experience cutting-edge engineering and architectural interventions.

For more information and to stay up-to-date on ASHRAE, visit ashrae.org and connect on LinkedIn, Facebook, Twitter and YouTube.
