

UPDATE ON DREAMFORCE

At Salesforce, our events have always been a special opportunity for us to come together with our global community to share best practices and innovations — culminating with Dreamforce, the largest software conference in the world. As the COVID-19 situation continues to evolve, our first priority is to help ensure the health and safety of our customers, partners, employees and communities. With this in mind, we have decided to reimagine all of our events through the end of the year in new and virtual ways, including Dreamforce.

We will miss bringing everyone together in person, but we are excited to shape our virtual events in ways that bring all of the fun, innovation and learning to our dedicated community of Trailblazers.
