ANNUAL MEETING OVERVIEW

The New York State Bar Association is excited to present its upcoming Virtual Convention for January, 2021. While we will all miss bringing together attorneys and legal professionals from across New York State, and all of the in-person interactions that come with a more traditional Annual Meeting, we are committed to working just as diligently to provide the best experience for all of our attendees in this new virtual format. The engaging programming provided by our talented Sections and Committees,

[Live Chat](#)

along with some of the most respected presenters in the legal field, will continue to make this Meeting a must-attend!

While everyone in attendance will be experiencing our Annual Meeting in this new virtual convention format, we've focused on not straying too far from what attendees appreciated and looked forward to during all of our past in-person conferences. NYSBA's 26 Sections will continue to offer targeted programs and events for not only their Section members, but any attorney that would like to experience what they have to offer. Select NYSBA Committees will also be a part of this year's 2-week schedule, offering the most up-to-date and relevant programming based on their Committee's area of focus.

With an informative Presidential Summit planned, multiple virtual receptions, an exciting "Piano Bar" evening event, a trivia competition, the beloved awards receptions, an abundance of information and resources from our sponsoring partners...and even yoga, start blocking off your calendar for January right now and register for Annual Meeting today!

■ YOUR MEETING CHECKLIST ■

Make sure you're prepared to have the best Annual Meeting experience by following these steps:

STEP #1- Check your tech

Make sure [your Zoom account](#) has the latest updates installed and that your audio and camera are working for meeting style CLE programs. While you're in Zoom, download a free Annual Meeting Virtual Background image here:
