Update on Adobe Summit – A Message from Anil Chakravarthy

Update on Adobe Summit – A Message from Anil Chakravarthy

by Anil Chakravarthy

posted on 03-02-2020

Each year, we look forward to hosting our customers, partners and employees from around the world at Adobe Summit to talk about the future of customer experience management, unveil the latest product and platform innovations, and get inspired together as a community.

Over the past few weeks, we have been closely monitoring and evaluating the situation around COVID-19 to ensure we are taking the necessary measures to protect the health and wellbeing of Adobe Summit attendees. As a result, we have made the difficult but important decision to make Adobe Summit 2020 an online event this year and cancel the live event in Las Vegas.

While we are disappointed that we will not be together in-person with our community this year, we are excited to host Adobe Summit as a digital experience. For more details visit summit.adobe.com .
