## **CES 2021 Is All-Digital**

For more than 50 years, CES<sup>®</sup> has been the global stage for innovation. And the all-digital CES 2021 will continue to be a platform to launch products, engage with global brands and define the future of the tech industry.

An all-digital CES 2021 will allow the entire tech community to safely share ideas and introduce the products that will shape our future. You'll be able to participate in all the awe-inspiring moments of CES wherever you are in the world. We are designing a unique experience for the tech industry.

**CES is where business gets done.**

 Heal at CES 2020

Case Study

**HEAL**

The market leader in doctor house calls, Heal, introduced the Heal Hub device (previously known as the Wellbe), in partnership with Qualcomm, at CES 2018. Being named a CES 2018 Innovation Award honoree helped Heal obtain Medicare reimbursement for patients who use its hub device.
