

EXHIBIT SEC-19-GM-032. Source: <https://hrtechnologyconference.com/>. Internet Archive capture: <https://web.archive.org/web/20200813055625/https://hrtechnologyconference.com/>. Text excerpt of the archived page captured by the SEC-19 group-meetings researcher on 2026-09-28 through the Internet Archive (lines matching the research terms with two lines of context; page navigation removed) and converted to PDF with Microsoft Word (method wayback-text-excerpt-word). The full archived page remains at the capture URL; a rendered copy was not retrieved because the Internet Archive rate-limited the session.

ABOUT HR TECH, A REIMAGINED ONLINE EVENT

In this world where things are changing daily and what you did before doesn't necessarily fit today, HR Tech is committed to providing the HR community with what is needed now more than ever: avenues to see new technology to help during these times and expert guidance to help your team cope with the now and what lies ahead. As such in 2020, HR Tech is pivoting into an exciting new virtual experience that is FREE for anyone to attend!

We're working hard on the details for the reimagined virtual event, but you can rest assured that as the industry's leading independent event for 20+ years, HR Tech will deliver an unrivaled cutting-edge agenda that will benefit HR and IT professionals from businesses of all sizes and across the globe! With a primary focus on driving HR success through technology, the HR Technology Conference is intended for those looking to continuously optimize usage of current HR systems as well as those looking to buy. It's where you'll gain the insight needed to make critical HR system decisions that will fuel your business while supporting your organization's unique needs now and in the future.

Plus, HR Tech is renowned for hosting the world's largest HR tech marketplace! You'll still be able to explore thousands of products from hundreds of vendors — ranging from established market leaders to HR startups — but in a state-of-the-art virtual setting. There is no better way to see the full capabilities of HR technology as you research and compare products side-by-side with real-time answers from the vendors!

Check back here frequently as we will be releasing session and more expo details in the coming weeks.
