 Meat Conference 2019 Banner

The 2021 Annual Meat Conference is now a virtual event!

[About the Event](#)

The Annual Meat Conference offers a complete education and networking experience! Now virtual for 2021, the conference will provide ample opportunity for exhibitors to showcase the latest in new meat and poultry products and the products and services retailers need to increase their bottom line. Comprehensive education sessions include a variety of ways to explore the latest developments in meat retailing today. Gain tools, insights, inspiration and new ideas to differentiate your unique products and services, fortify your marketing ROI, increase sales and build customer loyalty.

[AMC Planning Committee](#)

Thank you to the [Annual Meat Conference Planning Committee](#) for their insight and hard work in developing this conference. Together, this team of highly respected professionals creates a robust education and networking program to meet the professional and educational needs of their industry peers and partners.

[AMC Program and Sessions](#)

The Annual Meat Conference aims to satisfy your appetite for learning and professional growth and opens the door to fresh ideas and new perspectives. Join your colleagues and hear the latest about consumer trends that can

be readily applied to your business.

[AMC Exhibits](#)

The Annual Meat Conference exhibit hall is the place to find and showcase innovative new meat products and solutions. In 2020, we had more than 120 exhibiting companies showcasing their products and services to nearly 1800 targeted attendees. This is only event dedicated to the retail segment of the meat and poultry industry.

[Visit The Foundation for Meat and Poultry Research and Education](#)

The Foundation for Meat and Poultry Research and Education (Foundation) is a non-profit research, education and information foundation established to identify strategies that enable the meat and poultry industry to produce better, safer products and to operate more efficiently. The Foundation engages leaders from industry, academia and government to advance scientific understanding related to food safety, nutrition, the environment, animal welfare and worker safety, among other issues.

As the food industry association, FMI works with and on behalf of the entire industry to advance a safer, healthier and more efficient consumer food supply chain. FMI brings together a wide range of members across the value chain - from retailers that sell to consumers, to producers that supply food and other products, as well as the wide variety of companies providing critical services - to amplify the collective work of the industry.
