While details for the digital event are being finalized, show organizers are offering a variety of options for exhibitors. Exhibitors can choose from three packages with opportunities for participation in Global Pet Expo Digital Access, as well as the 2022 show. In an effort to provide exhibitors ample time to review and make an informed decision about these options, the cancellation deadline has been extended to January 15, 2021. Additionally, every current exhibiting company will receive a call from trade show staff ahead of the cancellation deadline to further explain these options.
