EDUCAUSE Annual Conference

The EDUCAUSE Annual Conference showcases *the best thinking in higher education IT!*

We're living in uncommon times and that requires uncommon thinking. Higher education faces one of its most unprecedented challenges in the time of COVID-19, but thinking outside the box is what the EDUCAUSE community does best—and this is where we do it.

The EDUCAUSE Annual Conference is where you need to be this fall as we come together virtually to search for solutions and applicable takeaways to today's urgent issues.

With the best presenters, the best content, and the best networking, the premier higher ed IT event brings together professionals and technology providers from around the world to share ideas and grow professionally.

“EDUCAUSE remains the best event to advance my institution's strategy, my own professional development, and to maintain and grow my network.”
