North America Smart Energy Week

POWERED BY

October 21-22, 2020

Las Vegas Convention Center Bronze Lot Las Vegas, NV

We're moving to Las Vegas

Join us virtually or in-person for the only gathering of the entire industry this year! SPI, ESI, and North America Smart Energy Week is moving to a new venue – outside the Las Vegas Convention Center, October 21-22.

Join SEIA and SEPA

The Solar Energy Industries Association (SEIA) and Smart Electric Power Alliance (SEPA) are the leaders in research and education for the solar industry in the US. In addition, advocacy is a top priority at SEIA.

All Solar Power Events are produced by SEIA and SEPA, including the development of the cutting-edge educational programs offered at each show. What sets Solar Power Events apart from other conferences is the support of these two organizations. All proceeds from the events go straight back into the industry.
