Charlotte Area Transit System

CATS COVID Health & Safety Measures

Free face masks

Bus

Face mask Policy

Bus

Train

Modified Schedules

In March 2020, CATS implemented a modified schedule for bus and light rail service. We will operate on a modified schedule until further notice but have increased frequency on routes experiencing higher ridership.

 clock image

 Cleaning Protocols

- All CATS vehicles and facilities are cleaned on a daily/nightly basis.
- In May 2020, CATS implemented mid-trip cleanings at the transit center and at the end of the line stations for the LYNX Blue Line. At these locations, passengers are asked to step off the vehicle, while a quick and thorough cleaning is completed on the vehicle.
- Hospital-grade solutions are used on all vehicles and surfaces during mid-trip and nightly cleanings.
- Additional cleaning completed with electromagnetic sprayers.

Error 153

Operator Safety Measures

- CATS provides Personal Protective Equipment (PPE) to all operators, including face masks, hand sanitizer and gloves.
- CATS is working to procure and install plexiglass Operator barriers.
- Operators who experience COVID-like symptoms are urged to stay home.
- Customers are asked to exit through rear doors on buses.
