

STANDARDS FOR ALL INDUSTRIES

COMPLIANCE	Adhere to CDC Guidelines for Businesses and Employers	https://www.cdc.gov/coronavirus/2019-ncov/community/organizations/businesses-employers.html
	Adhere to ND Department of Health Recommendations and Resources for the Public	https://www.health.nd.gov/diseases-conditions/coronavirus
	Complete the Workplace Assessment Tool for COVID-19	https://www.health.nd.gov/sites/www/files/documents/Files/MSS/coronavirus/Workplace_self_assessment_ND.pdf
	Tribal areas	Any business located within the exterior boundaries of a reservation is subject to additional requirements under tribal law.
MOVEMENT AND ACTIVITY	Gathering Size	Risk levels and color-coded health indicators provide situational awareness to help make informed decisions and make adjustments necessary in industry guidelines in order to prevent further spread and impact of the virus in communities; especially among vulnerable populations. The following recommendations for industry protocols should be followed along with meeting public health criteria to ensure there is no increased risk of exposure or uncontrolled transmission in the community. - Capacity should be limited to a percentage of normal operating capacity for controlled and managed facilities or capped at a total number. If there is no way to control access of entry (egress), activities must be spread out to double the normal footprint. » Red/Critical Risk Level — This is the area with the highest disease burden and level of significant and uncontrolled community transmission, multiple outbreaks resulting in increased deaths, surge capacity of hospitals are threatened, and there is lack of adequate PPE supplies available for healthcare workers. Only essential travel and services are open. (CONTINUED ON NEXT PAGE)

STANDARDS FOR ALL INDUSTRIES (CONTINUED)

MOVEMENT AND ACTIVITY	Gathering Size	» Orange/High Risk Level — This is the level of significant transmission and risk for exposure due to widespread community spread of infections. Implement strategies emphasizing Stay Home. Stay Healthy. Stay Connected. Only essential work and travel are open. Limit gathering size to < 10 people. Additional restrictions for high-risk individuals, personal care services are closed, schools are closed but offering distance learning, home is highly encouraged when gatherings, events and fitness and recreational centers are closed and foodservice operations are limited to takeout or delivery. » Yellow/Moderate Risk Level — This is the level of heightened risk for exposure but where transmission is controlled in the area AND health criteria is met. Group gatherings are limited by certificate of occupancy for the room or seating area according to industry-specific Smart Restart protocols and social distancing is maintained. Cancel gatherings of any size where distancing cannot be maintained. » Green/Low Risk Level — This is the level of low risk for exposure and when transmission is controlled in the jurisdiction AND health criteria is met. Group gatherings are limited by certificate of occupancy for the room or seating area according to industry-specific Smart Restart protocols and social distancing is maintained. Cancel gatherings of any size where distancing cannot be maintained. » Blue/New Normal Level — This is the lowest level of risk for exposure and when transmission in the jurisdiction AND health criteria is met. It is the time when most normal occupancy activity can resume with heightened cleaning, standard precautions and awareness of health guidelines.
	Physical Distancing	Mark six-foot increments where lines form.
	Workplace Activity	Post signage (state provided) at all entrances of the facility informing all employees and customers that they should: • avoid entering the facility if they have a cough or fever • maintain a minimum six-foot distance from one another • wash their hands often with soap and water for at least 20 seconds • limit unnecessary contact such as hugging and shaking hands (CONTINUED ON NEXT PAGE)

STANDARDS FOR ALL INDUSTRIES (CONTINUED)

EMPLOYEE AND CUSTOMER SAFETY AND TRUST	Personal Protective Equipment (PPE)	Encourage use of cloth face coverings to employees and contracted workers whose duties require close contact (within six feet for ten minutes or more) with other employees and/or the public.
EMPLOYEE AND CUSTOMER SAFETY AND TRUST	Hygiene and Cleaning	Provide for contactless payment systems or, if not feasible, provide for disinfecting all payment portals, pens and styluses after each use.
		Provide hand sanitizer, soap and water or effective disinfectant at or near the entrance of the facility and in other appropriate areas for use by the public and employees, and in locations where there is high-frequency employee interaction with members of the public (e.g. cashiers). Keep chemicals out of reach of small children. Restrooms normally open to the public shall remain open to the public with heightened hygiene and cleaning standards..
	Special Measures	• Develop policies and procedures for prompt identification and isolation of sick staff and customers. • Encourage customers to download the Care19 Diary and Care19 Exposure Apps to increase success levels with contact tracing.

COMPLIANCE	Also Adhere to General Standards for all Industries It is critically important that jurisdictions continue to monitor local health criteria (number of cases reported, risk of transmission, level of community spread) and take necessary precautions to protect vulnerable populations to safely determine health guidance and mitigation measures for large gatherings and mass gathering events.	
MOVEMENT AND ACTIVITY	Gathering Size	Red/Critical Risk • Recommend Closure Orange/High Risk • Recommend Closure Yellow/Moderate Risk • Capacity should be limited to 20% of normal operating capacity for each auditorium. Green/Low Risk • Capacity should be increased to 65% of normal operating capacity for each auditorium. Blue/New Normal • Full capacity is permitted when following proper safety guidance and procedures.
	Physical Distancing	Red/Critical Risk • Recommend Closure Orange/High Risk • Recommend Closure Yellow/Moderate Risk • Allow for proper spacing between groups by keeping at least two empty seats (or 6 feet) between parties in any row, alternate rows between customers by marking every other row closed. • Lines and waiting areas must be marked so physical distancing standards are met. • Group sizes should be limited to 10 people. Green/Low Risk • Consider continuation of alternating rows and keeping waiting areas marked so physical distancing standards are met. Blue/New Normal • Normal occupancy and activities can resume with heightened cleaning, standard precautions and awareness of health guidelines TBD. (CONTINUED ON NEXT PAGE)

MOVIE THEATERS (CONTINUED)

MOVEMENT AND ACTIVITY	Workplace Activity	Red/Critical Risk • Recommend Closure Orange/High Risk • Recommend Closure Yellow/Moderate Risk • Encourage use of mobile apps and contactless purchasing and payment. If not available, a barrier should be provided between staff and customers or cloth face masks required for both staff and customers. • Showtimes should stagger start times by at least 30 minutes to decrease congestion in common areas. • Standing in the lobby should be minimized by allowing earliest possible access to the auditorium and encouraging patrons to arrive close to show times. Green/Low Risk • Continue using contactless purchasing and payment methods. • Continue staggering start times Blue New Normal • Normal occupancy and activities can resume with heightened cleaning, standard precautions and awareness of health guidelines TBD.
EMPLOYEE AND CUSTOMER SAFETY AND TRUST	Hygiene and Cleaning	Red/Critical Risk • Recommend Closures Orange/High Risk • Recommend Closures Yellow/Moderate Risk • Drink or popcorn refills are not allowed unless served in a clean unused container. • No self-service cups, straws or lids should be allowed – they should be behind counter and handed to customer. • Self-service condiments should be eliminated and provided by request in single use or disposable containers. • Remove or block off tables or seating in lobby to discouraging congregating. • Clean and disinfect high touch surfaces in auditoriums like railings, door handles between showings. • Provide sanitizing wipes for guests to wipe off their arm rest or seat upon arrival. Green/Low Risk • Drink or popcorn refills are not allowed unless served in a clean unused container • No self-service cups, straws or lid should be allowed-they should be behind counter and handed to customer. • Self-service condiments should be avoided. (CONTINUED ON NEXT PAGE)
