During the ongoing COVID-19 pandemic, the Prince William Judicial Center and all three courts—Circuit Court, General District Court, and Juvenile & Domestic Relations Court—are operating, as well as the Clerk of the Court and the Commonwealth Attorney's Office.

All County employees and visitors who enter the Judicial Center have their temperatures checked, must complete a COVID-19 questionnaire and are required to wear face coverings while in the building.

The Sheriff's Office checks all staff members' temperatures twice daily, while they are in the courthouse.

The courts continue to work from reduced dockets with manageable citizen numbers to promote social distancing and to allow for disinfection of the courtrooms and common areas. Hand sanitizer stations and safety signage are placed throughout the Judicial Center.

Administrative staff are not currently providing non-court related fingerprinting services.
