TRE returns to regular weekday service on Oct. 19

October 15, 2020

Beginning Monday, Oct, 19, the Trinity Railway Express (TRE) will return to pre-pandemic service levels. The Saturday schedule remains unchanged.

For the safety of our customers, the TRE will continue our enhanced cleaning protocols, including the use of hospital-grade spray disinfectant, foaming germicidal cleaner and disinfecting wipes on all high-touch surfaces. Face coverings over both the mouth and nose will continue to be required when riding TRE Services. You can find more information about how the TRE is working to keep our riders safe on the [TRE website](#).

Additional details on the October service changes may be found on the [rider alerts page](#) of the TRE website. TRE is jointly owned and operated by [Trinity Metro](#) and [DART](#).
