Marion County follows CDC guidance, recommends masks in indoor public places

Published: 4:53 PM EDT July 27, 2021 | Updated: 4:56 PM EDT July 27, 2021

INDIANAPOLIS — The Marion County Public Health Department is recommending individuals wear masks in public indoor places, regardless of their vaccination status.

The recommendation comes after the CDC

The CDC's COVID Data Tracker specifies areas where the virus is spreading by county.

MCPHD advised residents to consider the following when deciding to wear a mask indoors:

If the answer to three of more of those questions is "yes," then it's recommended to wear a mask.

Based on data collected between July 19 and July 25, Marion County was on the orange level — substantial.

According to the CDC, 52.7% of vaccine-eligible Hoosiers in Marion County are vaccinated. Marion County health officials continue to hold vaccine clinic to protect more individuals against COVID-19.
