WHEREAS, even though the spread of COVID-19 has slowed, and vaccinations are becoming widely available, serious threats to health and safety of persons and other impacts of the COVID-19 pandemic continue to be felt in the City; and

Also, about half of workers who personally lost wages during the pandemic (49%) are still earning less money than before the coronavirus outbreak started; and

WHEREAS, in addition to action necessary to safeguard the health and safety of Saint Paul citizens, it remains necessary for the City to provide support to individuals and businesses alike to ensure that Saint Paul recovers from the COVID-19 pandemic disaster; and
