Child Care Centers

Child care providers listed are approved to operate during the COVID-19 public health emergency. If you work in a life-sustaining position, these providers may be able to help you and your family if you need child care. Please note that this list may change, and we are doing our best to keep it up-to-date, but providers listed may make the decision to close at any time. We encourage all personnel in life-sustaining positions to make a back-up plan for child care should their provider decide to close.
