New York National Guard Serve residents in the COVID-19 Containment Area

New York National Guard

March 16, 2020 | 0:00

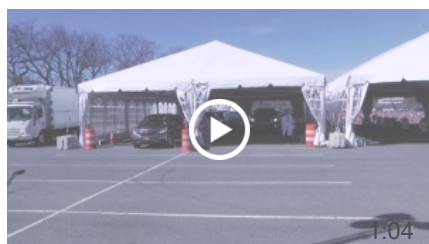

New York Army National Guard Soldiers are screened to be fitted with protective gear at the Department of Health. The Soldiers are assisting at a drive-through COVID-19 Mobile Testing Center in Glenn Island Park, New Rochelle, Mar. 14, 2020. Members of the Army and Air National Guard from across several states have been activated under Operation COVID-19 to support federal, state and local efforts. (U.S. Army National Guard video by Sgt. Michael Bezares)
