CORONAVIRUS UPDATE:

As certain states and municipalities begin their phased approaches to reopening, it is highly encouraged that each league and district adheres to the guidelines set forth by their respective state and local government and health officials in terms of public gatherings, organized youth sports, and sporting events when determining when it is safe to return to Little League activities after May 11. Leagues should contact their state and local health authority and other municipalities for guidance prior to resuming any Little League activities.

VOLUNTEER AND PLAYER RECOGNITION

During these challenging times, Little League® International wants to recognize the incredible volunteers and players who are playing an important role in keeping our communities safe during the Coronavirus (COVID-19) pandemic. From league volunteers who serve as essential workers risking their lives on the front line, to the dedicated Little Leaguers working to make masks and other protective equipment for their community, join us in celebrating these individuals by submitting a nomination below. Little League International will recognize a number of these individuals on its official social media platform (@LittleLeague) and leagues are encouraged to share these stories on their platforms as well.
