Southern Hospitality For The Produce Industry

We were founded in 1999 with one purpose: To provide rich support for produce farmers, suppliers, buyers, and consumers in the Southeast. Wherever you are in the industry, we look forward to helping you grow.

Come For The Business, Stay For The Fellowship and Fun

What happens when you work and play hard? Growth. And that's exactly what happens at our main events, **Southern Exposure** and **Southern Innovations**.

Membership

Let's Grow Together

The best relationships are symbiotic. As an SEPC member, you'll not only be joining an organization founded to help you thrive...you'll be contributing to the betterment of our region, our industry, and of course, a wide circle of new friends.

Whether you're learning new things and meeting new contacts at our tradeshow, helping the community through one of our committees, or leveraging your new network to solve business challenges, the Southeast Produce Council is all about creating opportunities for our members.

Education

SEPC Education

In addition to the informative sessions at our events, we curate a host of training programs and scholarships to develop new leaders in our industry and help members stay innovative and inspired.
